*Analysis by the Legislative Reference Bureau*

**HEALTH AND HUMAN SERVICES** ✓

**OTHER HEALTH AND HUMAN SERVICES** ✓

✓ Under current law, DWD may contract with a county, tribal governing body, or Wisconsin Works (W-2) agency to administer a program under which noncustodial parents who fail to pay child support as a result of unemployment or underemployment are provided with various kinds of employment services. Administration and benefit costs of the program are paid with moneys received under the federal Temporary Assistance for Needy Families (TANF) block grant program. This bill adds as another source of funding for the program moneys transferred from the support collections trust fund that were paid for various child and spousal support obligations and assigned to the state.

✓ For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

Hi Pam,

This draft is fine. However, I noticed that the analysis section presents the same issue as did LRB draft 1523 (latest version is /2). Recall that DWD wanted us to change how we described the revenues in 20.445 (3)(k) that would be used for child support state operations in draft 1523. The same would apply for draft 0474. To be consistent, could you amend the analysis section of draft 0474 so that when describing the appropriation account, you use the same language that appear in the analysis section of draft 1523? ("an appropriation account containing moneys assigned to the state by current or former public assistance recipients and transferred from the support collections trust fund, ...)

Thanks!
